RE: Tariff Revision

Enclosed you will find a requested revision of the Rates, Rules and Regulations of the Todd County Water District. The requested revision is to change the Tap-On Fee for a 5/8" x 3/4" water service from \$450.00 to \$550.00. Page number 16 of the Rules and Regulations has been revised to reflect this requested change.

The proposed revision is posted in the office of the Todd County Water District presently and will continue to be posted for three weeks. Also the proposed revision is presently being advertised in the local newspapers and will continue to be advertised for three weeks.

The increased charge will only have an effect on the customers who have caused the cost to be incurred.

The most recent copy of the Water District's income statement and balance sheet is on file with the PSC with our last Public Service Commission Yearly Report.

A copy of this application and related filings is being sent to the Attorney General's office.

Recently while calculating the cost to install a residential water service, we discovered that the cost of parts to install these services has increased considerably in the last few years. Due to the increased cost of the parts and labor to install a service, we are loosing an average of \$50.00 per service installed in the last two years. Todd County Water District feels that due to the ongoing price increases, an increase of \$100.00 should be an adequate increase for several years. The Water District does not have any plans for a general rate change in the near future.

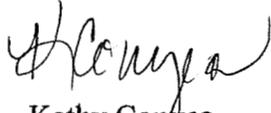

The Todd County Water District is an equal opportunity provider and employer.

The Todd County Water District is currently providing water to 3202 customers through 5/8" x 3/4" meter connections.

For any additional information needed to complete this filing, please contact me at the office number of (270)265-2229, or email at toddcountywaterdist1@mchsi.com.

Sincerely,

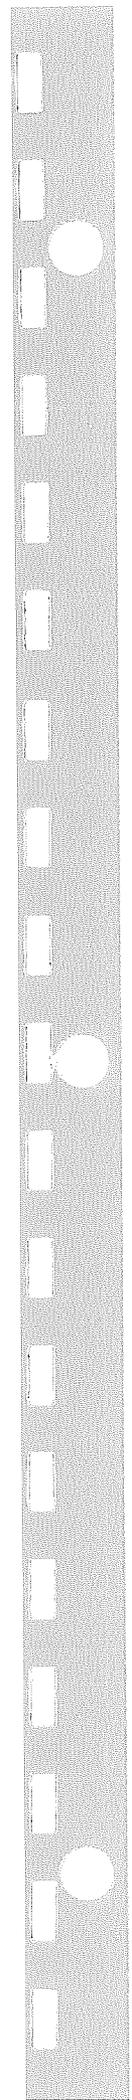

Todd County Water District

The Todd County Water District proposes to revise a certain nonrecurring charge in its tariff in regard to its customers. The District proposes to place in effect April 1, 2008, the following fee:

Tap-On Fees and Connections. The established tap-on fee is based on the size of the installed metering equipment and is as follows:

5/8" x 3/4" meter..... \$ 550.00

The fee contained in this notice is the fee proposed by the Todd County Water District. However, the Public Service Commission may order fees to be charged that differ from this proposed fee. Such action may result in fees for consumers other than the fees in this notice.

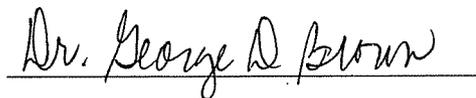

Any corporation, association, body politic or person may be motion within thirty (30) days after publication of this fee change request leave to intervene; and the motion shall be submitted to the Public Service Commission, 211 Sower Blvd, Post Office Box 615, Frankfort, KY 40601, and shall set forth the grounds for the request including the status and interest of the party.

Intervenors may obtain copies of the application and testimony by contacting the District.

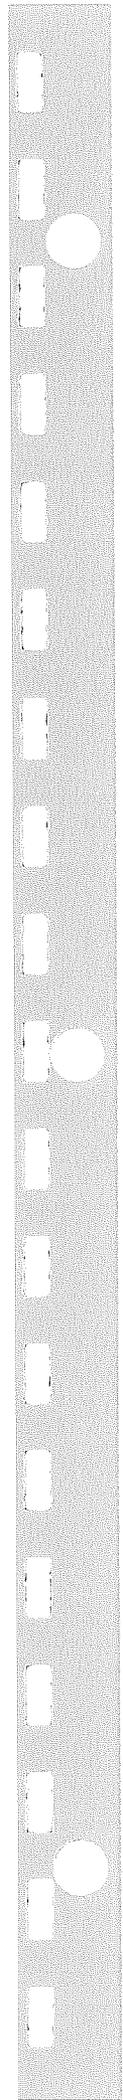

The Todd County Water District has available for inspection at the District's office the proposed change to the Rules and Regulations. The District office is located at 617 West Main Street, Elkton, KY 42220.

This notice is published pursuant to 807 KAR 5:011- Tariffs.
